A FAMILY PRACTICE providing CLASSICAL CHINESE MEDICINE / FIVE ELEMENT ACUPUNCTURE / EASTERN & WESTERN HERBS

Consent to Treatment

I, (please print) _____, do hereby consent to treatments at Jade Mountain Wellness, involving acupuncture and/or herbal medicine. The general purpose of Chinese Medicine is to balance and strengthen the Qi (energy) to address symptoms and their deeper causes, as well as promote well-being. Although rare, adverse reactions to treatment can occur and include, for acupuncture, a short-term exacerbation of existing and past symptoms (usually 12-48 hours), localized swelling, minor bleeding, bruising, discomfort, and dizziness and fainting. With herbs, there can be looseness of stools, upset stomach and other digestive issues that usually subside quickly (within 6-24 hours) once the formula is discontinued.

I am aware I can stop treatments at any time and that all personal and medical information will be held confidential as per patient privacy requirements.

Financial Policies & Service Fees

Insurance Policy

Providers at Jade Mountain Wellness are in-network with Cigna and Blue Cross & Blue Shield of Vermont, and therefore accept their insurance plans that include acupuncture benefits. We do not commonly bill certain insurance plans, such as Medicare and Medicaid, which do not typically cover acupuncture benefits. If you have another insurance plan or if your referral needs are unique, please inquire with us as to whether we can accept your policy or facilitate in your reimbursement.

Payment Policy

Even if your insurance covers acupuncture, plans may not cover the services in full or benefits may have been exceeded. Ultimately, you are responsible for payment of your charges in full. Until your insurance benefits are verified by our office, you will be expected to pay for your care at the time of service. At each visit thereafter, you are expected to pay for the estimated charges not covered by your insurance this includes co-pays, co-insurance and any deductible charges. We will notify you of any amounts your insurance fails to pay and you will be expected to pay the balance.

Jade Mountain Wellness accepts cash, personal checks* and credit cards (Visa, Mastercard and Discover). Also, any insurance checks you might receive are to be paid to our office within 15 days of receipt.

***Please note all returned checks are subject to a \$25 service charge.**

Acupuncture and herbs are qualified expenses for most Flexible Savings Accounts (FSA's), Health Savings Accounts (HSAs), and Health Reimbursement Accounts (HRAs). Please ask for a receipt at each visit.

Cancellation Policy

Because each appointment is scheduled for a single patient, we require 48-hour notice if you need to cancel or reschedule. In the case of personal emergency, sickness or extreme weather, cancellation as soon as possible is acceptable. If 48-hour notice is not given, full payment for the unbillable service is expected for the missed appointment.

Treatment & Herbal Fees

The fees below are for payment at time of services. If your insurance policy covers acupuncture, your cost will be your co-pay, co-insurance or deductible for the treatment.

- Initial Acupuncture Service – \$135 for about 90 minutes. This first appointment includes a thorough discussion of health concerns and history, a Chinese medical diagnosis including pulse and tongues evaluation, and an acupuncture treatment.
- Each Subsequent Acupuncture Service – \$90 for about 60-75 minutes.

TREATMENT SUGGESTIONS:

In order to maximize the effectiveness of your treatments, we suggest:

With acupuncture

• Before and after treatments:

- Eat only lightly 60-90 minutes beforehand. However, it is better to eat something close to the time of treatment than to come in very hungry. Eating too much before a treatment will direct your Qi (energy) to your digestive system, possibly limiting the effectiveness of the session.
- Make every effort to not consume alcohol or non-prescription drugs for 24 hours before and after treatment. The body will be working to clear these substances, thereby potentially limiting the ability for healing.
- Avoid extremes in temperature, such as very hot or cold baths or saunas and hot tubs. Avoid vigorous physical and mental exertion. Ideally, the day of the treatment, both before and particularly after the session, will be relatively relaxed.

• During treatments:

- Most people experience various sensations during sessions, ranging from dull aches to tingling, feelings of lightness and heaviness, and cold and warmth. These are quite normal and part of the process. Many people also feel the flow of Qi (energy) in different parts of the body. Being as relaxed as possible with these sensations will facilitate the process.

With herbal medicine:

- Follow the directions on the sheet given with each herbal formula.

If you have any questions about acupuncture or herbal medicine, please don't hesitate to speak with us.
